

K-FLEX INSULATION PRODUCTS COMPLIANCE WITH CALIFORNIA PROP 65 LABELING REQUIREMENTS

The State of California has identified a list of chemicals that are known or suspected carcinogens and requires labeling of all products for sale or use in the state that contain any of these chemicals in any quantities. This requirement is commonly referred to as CA Prop 65. The list is updated periodically with chemicals being added or removed from the list. K-Flex USA monitors for any changes in listed chemicals or in labeling requirements. The most recent revisions to CA Prop 65 include new warning label requirements and **go into effect on August 30, 2018**. No label changes are required for materials manufactured before this date.

The State of California is concerned with raw or finished materials in which these chemicals can be inhaled, ingested or absorbed through the skin or mucous membranes. They therefore make a distinction between “bound” and “unbound” ingredients, with only the unbound form requiring labeling.

K-Flex elastomeric and polyethylene insulation products do not require CA Prop 65 warning labels.

K-Flex USA elastomeric and polyethylene insulation products do not contain any of the listed chemicals in unbound form. All ingredients in K-Flex insulation products are *bound* in a matrix of NBR/PVC, NBR or EPDM rubber or polyethylene foam. K-Flex 360 Pipe Support inserts likewise do not contain any of the listed chemicals in unbound form. K-Flex 360 ingredients are bound in an elastomeric or a urethane foam matrix.

A summary listing of K-Flex insulation products and their CA Prop 65 labeling status is attached. The labeling requirement is specific to the product and is independent of product configuration (e.g. Insul-Tube 6 ft. lengths versus Insul-Tube coils, ½” wall versus 2” wall) or packaging quantities (e.g. K-Flex 320 adhesive in pint versus gallon cans). This list will be updated as new products are added or as CA Prop 65 labeling requirements change.

K-Flex *adhesives and coatings* require CA Prop 65 Warning labels. Appropriate warning labels are on the product packaging.

In addition, the warnings are listed in the product safety data sheet (SDS). All K-Flex product SDSs are available for download from our website under the “Literature” drop-down menu. Please contact K-Flex USA if you need an SDS sent to you or you require additional information.

K-FLEX USA CA PROP 65 LABELING REQUIREMENTS SUMMARY SHEET

PRODUCT	Label Required	PRODUCT	Label Required
K-Flex Insul-Tube	N	K-Flex CLAD AL Sheet - Insul-Sheet	N
K-Flex Insul-Tube White	N	K-Flex CLAD AL Sheet w/ PSA - Insul-Sheet	N
K-Flex Insul-Sheet	N	K-Flex CLAD WT Pipe	N
K-Flex Insul-Sheet w/ PSA	N	K-Flex CLAD WT Sheet	N
K-Flex Insul-Lock Seam Seal	N	K-Flex CLAD WT Sheet w/ PSA	N
K-Flex Insul-Lock Seam Seal White	N	K-Flex Clad IN Pipe	N
K-Flex Insul-Lock DS	N	K-Flex CLAD IN Sheet	N
K-Flex Insul-Lock DS White	N	K-Flex Clad IN Sheet w/ PSA	N
K-Flex Duct Liner Gray	N	K-Flex 360 Pipe Hangers - Insul-Tube	N
K-Flex Duct Liner Gray w/ PSA	N	K-Flex 360 Pipe Hangers - ECO	N
K-Flex ECO Pipe	N	K-Flex Elastomeric Foam Tape	N
K-Flex ECO Seam Seal	N	K-Flex ECO Tape	N
K-Flex ECO Sheet	N	K-Flex Cork Tape	N
K-Flex ECO Sheet w/ PSA	N	K-Flex Flexible Seam Seal Tape - Black	N
K-Flex HT Pipe	N	K-Flex Flexible Seam Seal Tape - White	N
K-Flex HT Sheet	N	K-Flex Aluminum Foil Tape	N
K-Flex Insul-Lock DS HT	N	K-Flex Aluminum Foil Tape w/ Scrim	N
K-Flex Titan	N	K-Flex All Service Jacket (ASJ) Tape	N
K-Flex PE	N	K-Flex CLAD AL Fitting Covers	N
K-Flex PE White	N	K-Flex CLAD WT Fitting Covers	N
K-Flex PE Lock	N	K-Flex CLAD WT Fitting Covers - Molded	N
K-Flex PE Lock White	N	K-Flex CLAD IN Fitting Covers	N
K-Flex PE Sheet	N	K-Fonik AB	N
K-Fit Fittings -Insul-Tube	N	K-Fonik GV	N
K-Fit Fittings -Insul-Tube White	N	K-Fonik GK	N
K-Fit Fittings - HT	N	Bostik Caulk	Y
K-Fit Fittings - ECO	N	K-Flex 120 Adhesive	Y
K-Fit Fittings - PE	N	K-Flex 220 Adhesive	Y
K-Fit Fittings - PE White	N	K-Flex 320 Adhesive	Y
K-Flex CLAD AL Jacketing	N	K-Flex 373 Adhesive	Y
K-Flex CLAD AL Jacketing w/ PSA	N	K-Flex 374 Protective Coating	Y
K-Flex CLAD WT Jacketing	N	K-Flex 420 Adhesive	Y
K-Flex CLAD WT Jacketing w/ PSA	N	K-Flex 620 Adhesive	Y
K-Flex CLAD IN Jacketing	N	K-Flex 720 LVOC Adhesive	Y
K-Flex CLAD AL Pipe - Insul-Tube	N	K-Flex 1120 Water Based Adhesive	Y
